Downloading 1000+ Notifications

MX Notify only allows you to download 1,000 notifications at a time. If you have more than 1,000 notifications that you would like to download, you will need to apply date filters. To get 1,000 or less notifications displayed, try filtering each month. If there are still more than 1,000 notifications, then try filtering by two weeks. To select specific dates, please follow these steps below:
