Vision for Data Exchange in CA

Every Californian, and the health and human service providers and organizations that care for them, will have timely and secure access to usable electronic information that is needed to address their health and social needs and enable the effective and equitable delivery of services to improve their lives and wellbeing.

Guiding Principles

1. Advance Health Equity.
2. Make Data Available to Drive Decisions and Outcomes.
3. Support Whole Person Care.
4. Promote Individual Data Access.
5. Reinforce Individual Data Privacy and Security.
6. Establish Clear and Transparent Terms and Conditions for Data Collection, Exchange, and Use.
7. Adhere to Data Exchange Standards.
8. Ensure Accountability.

What's Next?

Governance:

Establish CalHHS
Data Exchange
Board

Participation:

Energize
mandated and
non-mandated
organizations
to sign the
Data Sharing
Agreement

Policies and Procedures:

Publish additional
policies and
procedures to
define who shares
data, and how

Qualification:

Create a process
for qualifying
health information
organizations to
share data on
behalf of
participants

Identity and Consent:

Implement the
CalHHS Strategy
for Digital
Identities
